To

C. S. Balasundaram Iyer Esquire B.A.,

Offg. Secretary to the Government of His Highness

the Maharaja of Mysore, Genl. & Rev. Depts.,

Bangalore.

Sir,

I have the honour to submit the Report on the working of the Merchandise Marks Regulation and the Rules framed thereunder during the year 1910-11 as follows.

2. There are no factories in the District coming within the scope of this Regulation. The piece goods are the chief among the imported goods subjected to examination, which is being done closely by the Amildars at the time of levying octroi duty and during their periodical inspections and by the Sub-Division Officers

during their inspection tours. Some of them were also inspected by me and no infringement of the rules was discovered.

3. The appended statement exhibits the varieties of the goods inspected in several of the shops and the result of such examination. In sixteen cases, the actual measurements were found to be slightly in excess of the description stamped on the piece goods, while in three cases they slightly fell short.

4. No prosecutions for any infringement of the provisions of the Regulation or Rules framed thereunder were instituted during the year under report.

I have the honour to be,
Sir,
Your most obedient servant

Reg

Remark on the working of the Merchandise Marks Regulation of 1892 for the year 1910-11.

The annexed statement shows the number of shops and factories visited by the Superintendent of Police of the district who has been authorised under Rules XIV of the Rules framed under the Regulation to inspect shops and factories for the purpose of ascertaining whether the requirements of the Regulation have been understood and are being duly adhered to. In none of the places inspected was any short coming noticed. The Superintendent of Police remarks, however, that the measuring rods kept by the merchants are various and varied and are not quite uniformly accurate in length. He suggests that tradesmen should be compelled to keep for use, only standard

stamp thereon and that such standard measures may be made available either at the District or Taluq Treasuries or at the Municipal offices. The suggestion is a good one.

There were no prosecutions during the year under report for any infringement of the provisions of the Regulation

There are no Weaving or Spinning Factories in the District. Hence the provisions of Section 15 of the Regulation are no practical application.

Forwarding Report on the working of the Merchandise Marks Regn. in the Mysore District for 1910-11.

Report upon the working of the Merchandise Marks Regulation in the Mysore District during the year 1910-11

---

2. The first step that was taken in order to enforce the provisions of the Regulation during the year was to appoint all Sub Division Officers, Police Superintendents of the District, the City Magistrate, the Vice President of the Mysore City and all Amildars of Taluks in the District as inspecting officers under the rules and to issue instructions(copy enclosed) for their guidance regarding the nature of inspection that is to be conducted under the rules to ensure prompt compliance with the requirements of the Regulation.

A specimen copy of a report of inspections carried on in the Eastern Provinces of Bengal was also sent for their guidance

A preliminary report before the end of December 1910, was also called for in order to know how far my instruction were attended to, but I am sorry to say that with the exception of a few of the officers the others have evinced little or no interest in the matter

The Vice President Mysore City Municipality who had wide scope for inspection in this direction has not yet submitted even the usual report that is expected of him. Unless the Officers concerned take special interest in the affair it is not possible to enforce the provisions of the Regulation.

The only officers that seem to have interested themselves in the matter are the Assistant Superintendent of Police French Rocks, and the Amildar of Mandya whose enquiries go to show that they have bestowed more than an ordinary share of attention in this direction.
The inspection of the former was confined only to piece-goods imprted and the result of his inspection as contained in his report is herewith submitted.

Some of the clothes he inspected had no trade-mark nc the measurements noted in the English numerals or in any other language. A Panche commonly known as 'shaigumbi' panche labelled to measure 8 cubits in Canarese measured actually 7 cubits, and the shop-keeper is said to have been warned. Some pieces of mull tested were found to measure a few inches more than was stamped on them.

The Amildar of Mandya has inspected a variety of articles and brought to notice the following interesting details of his test.

A ream of paper marked 'superior white foolscap made in Belgium' with an elephant trade mark contained only 40 folds of 6 sheets each without the name of the Company noted or stamped on the wrapper.

A ticket cotton-thread marked "swadeshi 100 yards" was found to contain no tradesmark nor Company's name.

Some consignments of sadies imported from Salem bore no marks as to the name of the Manufacturer or details of measurement.

The reports of the other officers received disclose no violation of the rules.

Deputy Commissioner

Mysore District.

No. 2583-604.

Has the honor to invite attention to the existence of such a regulation as the Merchandise Marks regulation in the Mysore Province, and to observe that the provisions of this regulation, and the rules framed thereunder are rendered quite inoperative by the Officers responsible for the inspection of the goods imported from foreign places not taking special interest in the enforcement of the rules.

The Vice President who is the Officer expected to submit a report annually upon the result of the periodical inspection of articles of merchandise imported into Mysore has treated the subject in a most routinlike way while the other Assistant Commissioners(for it is not know whether they have been authorized under Rule XIII of the Merchandise marks Regulation to examine these goods) are silent and do not submit even a nominal report in the matter. This state of things can no longer be allowed. The Officers who are now addressed are all authorized to inspect goods of whatever description imported into the city or the district of Mysore and instruct the local officers whether Police or Municipal or any others, in view to furnish immediate information to the inspecting Officers the arrival of such goods for their inspection. Every article or consignment received bearing a trade mark is is subject a test laid down under the Regulation. The Regulation is not merely confined to piece goods as the Vice President is inclined to think for his report records nothing but a measurement of cloth pieces tested.

In a country where trade facilities exist and civilization is making rapid strides goods of various descriptions are likely to be imported largely. Every such article of foreign import comes within the meaning of the Regulation and in view to prevent frauds being played upon the public by the

the foreign manufacturers and tradesmen, this regulation is framed, and it is the duty of the Officers concerned to see that no commodity that does not conform to answer the description indicated on the wrapper or covering any false trade mark allowed to escape the penalties prescribed under the Regulation.

No hard and fast rules can be laid down for the guidance of the Officers concerned as to the inspection and nature of the goods to be inspected. The inspecting Officers are to be guided by their common sense and a careful interpretation of the Regulation and Rules framed and also by the study of results achieved in this direction elsewhere.
An extract from the report of work carried out in this behalf by the officers of the Lower Provinces of Bengal is forwarded herewith and the under-signed trusts that on the lines indicated herein the Officers concerned will conduct their inspection and furnish reports punctually by the 30th July of every year, noting down the irregularities found and notice taken thereon.

It is therefore hoped that the next year's report will bring to light all instances infringing the provisions of the Regulation.
It may also be suggested that the toll-keepers may if necessary be instructed through the Amildars to note down the denomination of the goods brought into the limits of the City or Taluk Municipality and thereby the Officers may arrange to have the goods inspected whenever they happen to visit the Taluk Head quarters etc. A report preliminary to the one due here on the 30th of July of every year may be prepared touching the result of inspections conducted till the 30th of December next and submitted to this office for purposes of information and scrutiny if necessary.
Similarly, the Vice President will cause needful instructions being issued to the Sayer Daroga to submit to him daily the

the various kinds of goods that are brought into the City limits from the Railway station and whenever a large assortment of such goods is received by any tradesmen in the City immediate intimation may be given so that the Vice President or the undersigned as the case may be, may also inspect them in the light of the test ladd down under the rules of the Regulation.

Offg: Secretary to the Government of H.H.

the Maharaja of Mysore, Genl and Rev.Deptts.

Sir,

I have the honor to forward herewith, the report on the working of the Merchandise Marks Regulation and Rules thereunder, in the Bangalore District for the year 1910-1911.

I have the honor to be

Sir,

Your most obedient servant.

for District Magistrate.

Report on the working of the Merchandise Marks Regulation and Rules thereunder in the Bangalore District for the year 1910-11.

During the year under report very few goods coming under the Operation of the Regulation were inspected in the District. Except the assistant Magistrate of the Magadi Taluk no other Magistrates seem to have bestowed any attention to this branch of duty during the year under report.

It is explained by some Magistrates, that the omission was due to frequent transfers of Officers. It is also reported that the Taluk Magistrates have not paid attention to this duty in spite of instructions issued from this Office. They have been again directed to pay due attention to this duty in future.

No offences were reported under the Regulation during the year under report

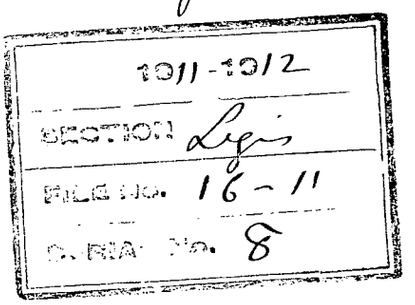
Camp No. 128

Dated Camp Mysore, 4th October 11.

DIARY No. J980...



From,

K. Chandy, Esquire, B.A.,

District Msgistrate.

To,

C.S.Balasundrum Iyer, Esquire, B.A.,

Secretary to the Government of His Highness the

Maharaja of Mysore, General and Revenue Departments.

Sir,

With reference to Government Proceedings No. 6305-12 Mis 1370, dated 6 th November 1900, directing the submission of annual reports on the action taken under Rule XIV of the Rules framed under the Mysore Merchandise Marks Regulation 1 of 1892 during the year 1910-11, I have the honour to report as follows:-

The table in the margin shows the inspections made by the several officers who had been empowered in the matter.

The Davangere Assistant Commissioner and several Amildar who had been authorised to inspect, report that they made no inspections of piece goods in the year. Their attention has been drawn to this serious omission and it is hoped they will be able to show better results next year.

As no violations of the Rules were observed during the inspections in the year, no prosecutions were lodged.

I have the honour to be,

Sir,

Your most obedient servant

K. Chandy

Reports from the District Magistrates of Districts on the working of the Mysore Merchandise Marks Regulation, 1902, during the official year 1910-11.

No. J. 2588-95—LEGIS. 16-11-9, DATED BANGALORE, 7TH MARCH 1912.

ORDER THEREON.—During the year under report there was an improvement in the work of inspection of shops in the Districts of Hassan, Kadur and Shimoga. The report of the District Magistrate of Bangalore does not furnish any information as to the number of shops that were inspected in the district. Government view with dissatisfaction the inaction of the officers entrusted with the work in the Mysore and Bangalore Districts and agree with the District Magistrate of Mysore that the Vice-President of the Municipality should have shown more interest in the work of inspection of shops in the Mysore City.

With reference to the remarks of the District Magistrate of Tumkur regarding the regulation of measures of length, attention is drawn to Notification No. 11058—G. F. 441-92, dated 6th January 1894, issued under the Measures of Length Regulation, III of 1890, and republished with Notification No. J. 1539—Legis. 16-09, dated 15th November 1911.
